

## 26. Weight-chart: ChatGPT4 response (weight-chart\_oracle\_0(135).mhtml )

Yes, there is a UI error in the screenshot. The text "Goal Weight" and "You are over the weight!" are overlaid on the grid lines of the background, which makes them hard to read. This overlap can be considered a visual inconsistency, as it impacts the readability and clarity of the interface.

Click any place of the chart

Click "Add"

Input random text and Click “OK”

Weight added but some texts are overlaid!
